

COSMETICI DERMATOLOGICI

SCHEMA TECNICA COSM. - GALENIA BIOTECNOLOGIE SRL - 18/01/2012 - MAIL - DEF. BIOST 36750

TECHNICAL DATA SHEET

Product Name: GALENIA SKIN CARE – ANTI-DANDRUFF SHAMPOO

CATEGORY

(according to what provided by Annex I of Council Directive 76/768/EEC and following amendments)

- Hair care products

COMPOSITION

Functional substances: Ciclopiroxolamine 1.5%, d-panthenol 1%, hydrolyzed soy protein 1%, vegetal collagen 0.5%, zinc gluconate 0.3%, refreshing complex 0.01%.

INCI UE	INCI USA	Functionality (*)	CAS
aqua	water	solvent	7732-18-5
disodium laureth sulfosuccinate	disodium laureth sulfosuccinate	surfactant-cleansing agent	68815-56-5
sodium cocoamphoacetate	sodium cocoamphoacetate	surfactant-cleansing agent	68334-21-4
acrylates copolymer	acrylates copolymer	film former	159666-35-0
lauryl glucoside	lauryl glucoside	surfactant-cleansing agent	110615-47-9
urea	urea	skin conditioning agent-humectant	57-13-6
ciclopirox olamine	ciclopirox olamine	cosmetic biocide	41621-49-2
panthenol	panthenol	hair conditioning agent	81-13-0
hydrolyzed soy protein	hydrolyzed soy protein	skin conditioning agent-miscellaneous	68604-88-5
polyquaternium-7	polyquaternium-7	antistatic agent	26590-05-6
sodium shale oil sulfonate	sodium shale oil sulfonate	not reported	1340-06-3
glycine	glycine	hair conditioning agent	56-40-6
natto gum	natto gum	viscosity increazing agent-aqueous	9079-02-1
zinc gluconate	zinc gluconate	skin conditioning agent-miscellaneous	4468-02-4
tridecyl salicylate	tridecyl salicylate	skin conditioning agent-miscellaneous	19666-16-1
menthyl lactate	menthyl lactate	fragrance ingredient	59259-38-0
parfum	fragrance	fragrance ingredient	/
cetrimonium chloride	cetrimonium chloride	surfactant-emulsifying agent	112-02-7
citric acid	citric acid	pH adjuster	5949-29-1
PPG-26-buteth-26	PPG-26-buteth-26	skin conditioning agent-miscellaneous	9065-63-8
PEG-40 hydrogenated castor oil	PEG-40 hydrogenated castor oil	surfactant-emulsifying agent	61788-85-0
sodium hydroxide	sodium hydroxide	denaturant	1310-73-2
phenoxyethanol	phenoxyethanol	preservative	122-99-6
limonene (**)	limonene	fragrance ingredient	138-86-3
linalool (**)	linalool	fragrance ingredient	78-70-6
hexyl cinnamal (**)	hexyl cinnamal	fragrance ingredient	101-86-0
benzophenone-4	benzophenone-4	sunscreen agent	4065-45-6
butylene glycol	butylene glycol	skin conditioning agent-miscellaneous	107-88-0
BHT	BHT	antioxidant	128-37-0

COSMETICI DERMATOLOGICI

hydroxyisohexyl 3-cyclohexene carboxaldehyde (**)	hydroxyisohexyl 3-cyclohexene carboxaldehyde	fragrance ingredient	31906-04-4
methylparaben	methylparaben	preservative	99-76-3
ethylparaben	ethylparaben	preservative	120-47-8
propylparaben	propylparaben	preservative	94-13-3
butylparaben	butylparaben	preservative	94-26-8
isobutylparaben	isobutylparaben	preservative	4247-02-3

(*) The functions listed are not intended to represent the only functions an ingredient may perform, and do not preclude the assignment of additional functions. They are reported in the last edition of "International Cosmetic Ingredient and Dictionary Handbook"

(**) It is here pointed out that the ingredients marked by this symbol refer to the allergens mentioned in the attachment III of the Directive 2003/15/CE. Their percentage has not to be added to that of the other substances in the formulation, because it is already included in the percentage of the raw materials containing it (mostly fragrances and essential oils)

USAGE METHOD

Apply a knob of shampoo on wet hair, massage and rinse.

DESCRIPTION

This shampoo carries on a dermopurifying action against dandruff respecting the normal scalp physiology. It fights micro-organisms that introduce into the follicles and helps remove dandruff preventing its formation. It refreshes and purifies the scalp by removing the irritating sensation of itchiness and also has a sebum-normalizing effect. The hair find all its natural brightness and volume.

SUGGESTED PaO

We think that the product can be used 12 months after opening provided that the packaging is closed properly and put in a suitable place after using. We remind you that PaO has to be shown both on the primary and on the secondary packaging. However, this is not quote for single-dose products.

STORAGE

We state that the product has to be stored at a temperature between 10 and 25°C

CHEMICAL-PHYSIC DATA

Appearance	cleanser
Color	matt light yellow
Odour	typical
pH	6,5÷7
Viscosity	6500÷8000

NOTE

- The information included in this Technical Data Sheet is strictly reserved to technical workers and cannot be disclosed to anyone else.

- The descriptions concerning the functional ingredients are derived from the corresponding literature and from the information sent by the raw materials supplier. It is just a generic piece of information, purely indicative, referred to the substance with no links to its use range, that means it might refer to its use out of its cosmetic application or also to functions different from those for which the document is written.

COSMETICI DERMATOLOGICI

- The use on the packaging materials of the registered trademarks of the raw materials must be previously agreed with the supplier (trade mark license contract)
